Thanks. I thought he wanted the NEPA reference out but not the whole 2 items? Regardless, we can easily made them before sending them out.

Thanks all for the continued effort! Two quick items: I thought Jared wanted us to get rid of the intro a and b part?; the last sentence added on to the first main paragraph does not flow well - perhaps at least adding "also" in it will help as it is an additional concept beyond the prior sentence.

Thanks again!
